## Halloween Spirit Predominated The School Festival

### A Gorgeous, Colorful Spectacle Presented In The Kiddie Cosume Parade

Auspicious weather and a gleaming moon graced the annual Halloween festival, sponsored at the Memorial Athletic field, Friday night, by the Belle Glade Parent-Teacher Association. This proved a most enjoyable and colorful event, although not as largely attended as some previous like occasions.

It was the night the school kiddies had looked forward to for weeks, with great anticipation and pleasure, and they certainly had it. A riotous picture of color and activity filled the field for several hours, and every one enjoyed themselves in the various attractions presented for their enjoyment and pleasure. The pageant presented in the mammoth parade showed that there had been lots of hard work and much co-ordination among those having this big event in charge, for an entrancing mosaic picture.

Emmett Roberts, Roscoe Braddock, Herman Close, D. B. Mathis, were the broadcast team for the event provided by the Mathis-Boe company, and they were good "barkers" for the occasion. The school children, until after the contest judging were in charge of their teachers, but after that, the kids ran wild, seeking their Continued on page 5

## Elks To Enjoy Family Dance On November 11

Ed Browning, chairman of the Elks entertainment committee, at the lodge session, Monday night, announced that a dance would be held at the club house on Tuesday evening, November 11, open to members and their invited guests. The management of the Harry-Anna Crippled Children's hospital, acknowledged the sizable check which had been forwarded to the home from Belle Glade. There are now 62 children in the home receiving its services and schooling.

## Services Conducted For Mrs. Mattie Casey

Belle Glade's oldest citizen, Mrs. Mattie Ross Casey, passed away Friday morning at the local hospital following an illness of several weeks. She would have been ninety-nine years old on January twenty-fifth, having been born in 1849 in Madison, Kentucky. Mrs. Casey came to Belle Glade thirty years ago and lived in Miami until she came here fifteen years ago to make her home with her niece, Mrs. Nell Seulen.

The body was sent to Paducah, Kentucky by Berry's Funeral home, where services were held at the Harris-Merriman Funeral Home Monday morning, and burial followed at Oak Grove Cemetery.

She also survived by her nephew, Frank Dooley who accompanied Mrs. Seulen to Paducah for the funeral rites.

## Woman's Club Hears Speaker On Art

"American Water Colors" was the subject of a very interesting talk by Mrs. F. B. Smith at the meeting of the Woman's Club Wednesday afternoon. The guest speaker who is from Gainesville and is active in the association of fine arts there, was introduced by Mrs. R. V. Allison, program chairman.

Five new members were voted into the Club, and are Mrs. H. C. VanLandingham, Mrs. C. Ballard, Mrs. Ted Pope, Mrs. Ralph L. Pipes, and Mrs. Ben Robinson.

The devotional was given by Mrs. Ralph Freeman, and piano music was played by Mrs. Luther Jones.

For visitors attended, Mrs. B. J. Martin, Mrs. John M. Gledhill, Mrs. E. D. Humphries, and Mrs. John Duryea. The hostesses who served refreshments to thirty-seven members and the guests were Mrs. John Taber, Mrs. Robert Cameron, Mrs. J. A. Pike, Mrs. Peter Scran, and Mrs. Jack Thorne.

## Equipment Comes To Glades Bodies

Among the distribution of surplus war materiel in Florida, by the Army Glades political units did not share so bad in the awarding of machinery, as is shown by the following assignment lists: City of Belle Glade, two trucks, one tractor, one slag spreader. Everglades Drainage District, two cranes, three trucks, two tractors with bull dozer blades, one barge and one tractor. Experiment station, two trucks, one truck tractor, one trailer, one tractor with blades, and 245 pieces of steel. Pahokee, truck, tractor and tractor with blades.

## D. F. Crosby Dies Suddenly Sunday At Attnu, Georgia

D. F. Crosby, who has been farming in and near Pavo, Georgia, for the past two years, died suddenly on Sunday, and funeral services were held at that place on Tuesday, aged 57 years.

For a number of years Mr. Crosby, operated a furniture store on Main street in Belle Glade and also was the owner of considerable rental and farm properties here and in South Bay.

Mr. Crosby was twice married, and leaves his wife and 4 juvenile children, and several adult children by his first marriage, one of whom is R. O. Crosby, a Pahokee merchant. Since going to Pavo, Mr. Crosby has made numerous business visits to Belle Glade one of them being but recently. At Pavo he had large pecan groves and farming pasture and woodland holdings, and also conducted a vegetable trucking business to nearby southern cities.

## Presbyterians Become A Church Body

The date of November 6, 1947, will go down in the records of the New Everglades Memorial Presbyterian church, as the date on which it passed from a mission church into a fully organized church body of the Southern Presbyterian church. This transition was the consummation of an act which the promoters have looked forward to with much anticipation and due to the fact that preparation and planning had been spent. The temporary church home on South East First street was crowded for these interesting and impressive rites, which were conducted by a group of ministers and laymen of the St. John's Presbytery assigned for the duty. This congregation was headed by Rev. R. L. Wood, as President; Rev. A. R. Larrick, as state clerk; Rev. James V. Johnson, as Daniel Iverson, Rev. H. L. Low and Elders, H. T. Boney, Charles B. (Continued on page 5)

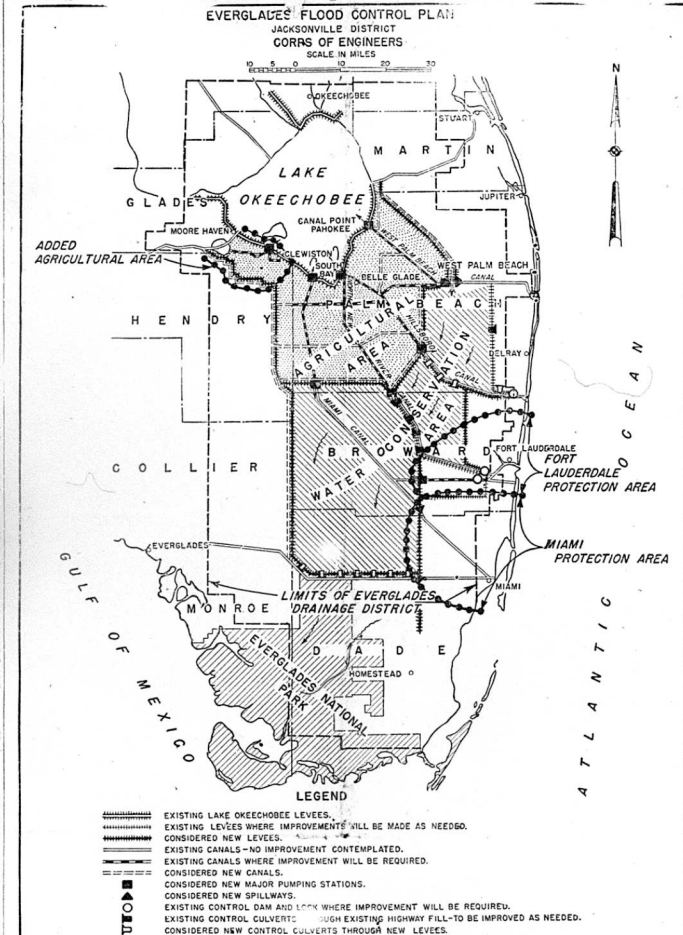

## Belle Glade Hospital Is Typing Blood

The Belle Glade Hospital is asking local citizens to come out to the Hospital Monday between the hours of one to nine p. m. and have their blood typed. This is for your own protection and may save your life or a friend's. It only involves a tiny needle stick in the end of the finger and your blood is typed, records made, and you are given a card containing the information. Then in case of an emergency or accident the Hospital can instantly supply your necessary type for transfusions.

No donations of blood are being made at this time, the Hospital is only establishing a record.

## PTA Carnival Proves Very Successful

The Halloween Carnival which was sponsored by the Parent Teacher Association proved very successful and proceeded a prize of \$101.50. Mrs. A. Pike, chairman, announced that of that figure, \$568.59 was net profit and has been awarded a prize of \$101.50. The Sphoprene Class was taking in the largest sum of money on their project, that of the turkey raffle. They collected \$110.00.

## FLOOD CONTROL PLAN FOR THE EVERGLADES AREA

by  
CORPS OF ENGINEERS, U. S. ARMY

"...while the Everglades plan is nearing completion—certain reconstructions and additions may be necessary before final completion."

(Editor's Note: The above quotation as well as the following is taken from the newspaper release by the Engineers at Jacksonville.)

The plan may be divided into three general effects: (1) Benefits to the Glades farming lands, (2) benefits to the East Coast communities and farm lands, (3) benefits to all of South Florida, or mutual benefits:

(1) The protection of 1,000 square miles of rich agricultural moor land immediately (east and) south of Lake Okeechobee, by

(a) Constructing a perimeter levee, encircling the entire area of 1000 square miles suitable for long term agricultural uses;

(b) Improving, extending and providing a network of main canals within the agricultural area.

(c) Providing canals on the outside of the levees protecting the area north east of the West Palm Beach Canal and west of the protected areas in Hendry County.

(d) Constructing pumping stations at the Lake ends of each canal, and at the lower ends of the major canals to discharge into the conservation areas.

(e) Provide levees on the southerly side of the West Palm Beach, Hillsboro and North New River Canal.

(f) Providing the coastal cities with protection from floodwaters.

(g) Relief from Glades flood waters by impounding such waters within water conservation areas, encircling by levees large enough to retain all of the water entering them during a period of severe rainfall such as has been experienced this year.

(h) Providing a protected levee from the West Palm Beach Canal to Tamiami Trail, and thence south, to protect the coastal cities from flooding and also to hold floodwaters on the large water retention areas.

(i) Relieve flood waters from the Glades, canals along the coast with suitable improvement will be able to effect adequate drainage of coastal urban and agricultural areas.

(j) Improve canals and discharge control works on West Palm Beach, Hillsboro, North New River, Miami and South New River Canals.

(k) Construct a pumping station at the westerly end of South New River Canal near State Road No. 25.

(l) Conservation of organic soils by preventing shrinkage and burning (eliminate the smoke clouds so irritating and damaging to coastal communities)

(m) Improvement of conditions favorable to the propagation and maintenance of fish and wildlife within the conservation areas.

(n) Amelioration of winter temperatures to prevent some frost damage to marginal agriculture.

(o) Maintenance of a higher freshwater head to resist the encroachment of salt water into the municipal water supply of lower east coast cities and the open well irrigation sources of many coastal farmers.

(p) Advantages to Glades and Coastal areas mutually - South Florida

(a) Conservation of water for useful purposes rather than wasteful discharge to sea.

(b) Conservation of organic soils by preventing shrinkage and burning (eliminate the smoke clouds so irritating and damaging to coastal communities)

(c) Improvement of conditions favorable to the propagation and maintenance of fish and wildlife within the conservation areas.

(d) Amelioration of winter temperatures to prevent some frost damage to marginal agriculture.

(e) Maintenance of a higher freshwater head to resist the encroachment of salt water into the municipal water supply of lower east coast cities and the open well irrigation sources of many coastal farmers.

(f) Advantages to Glades and Coastal areas mutually - South Florida

(a) Conservation of water for useful purposes rather than wasteful discharge to sea.

(b) Conservation of organic soils by preventing shrinkage and burning (eliminate the smoke clouds so irritating and damaging to coastal communities)

(c) Improvement of conditions favorable to the propagation and maintenance of fish and wildlife within the conservation areas.

(d) Amelioration of winter temperatures to prevent some frost damage to marginal agriculture.

(e) Maintenance of a higher freshwater head to resist the encroachment of salt water into the municipal water supply of lower east coast cities and the open well irrigation sources of many coastal farmers.

(f) Advantages to Glades and Coastal areas mutually - South Florida

(a) Conservation of water for useful purposes rather than wasteful discharge to sea.

(b) Conservation of organic soils by preventing shrinkage and burning (eliminate the smoke clouds so irritating and damaging to coastal communities)

(c) Improvement of conditions favorable to the propagation and maintenance of fish and wildlife within the conservation areas.

(d) Amelioration of winter temperatures to prevent some frost damage to marginal agriculture.

(e) Maintenance of a higher freshwater head to resist the encroachment of salt water into the municipal water supply of lower east coast cities and the open well irrigation sources of many coastal farmers.

(f) Advantages to Glades and Coastal areas mutually - South Florida

(a) Conservation of water for useful purposes rather than wasteful discharge to sea.

(b) Conservation of organic soils by preventing shrinkage and burning (eliminate the smoke clouds so irritating and damaging to coastal communities)

(c) Improvement of conditions favorable to the propagation and maintenance of fish and wildlife within the conservation areas.

(d) Amelioration of winter temperatures to prevent some frost damage to marginal agriculture.

(e) Maintenance of a higher freshwater head to resist the encroachment of salt water into the municipal water supply of lower east coast cities and the open well irrigation sources of many coastal farmers.

(f) Advantages to Glades and Coastal areas mutually - South Florida

(a) Conservation of water for useful purposes rather than wasteful discharge to sea.

(b) Conservation of organic soils by preventing shrinkage and burning (eliminate the smoke clouds so irritating and damaging to coastal communities)

(c) Improvement of conditions favorable to the propagation and maintenance of fish and wildlife within the conservation areas.

(d) Amelioration of winter temperatures to prevent some frost damage to marginal agriculture.

(e) Maintenance of a higher freshwater head to resist the encroachment of salt water into the municipal water supply of lower east coast cities and the open well irrigation sources of many coastal farmers.

(f) Advantages to Glades and Coastal areas mutually - South Florida

of severe rainfall such as has been experienced this year.

(b) Providing a protected levee from the West Palm Beach Canal to Tamiami Trail, and thence south, to protect the coastal cities from flooding and also to hold floodwaters on the large water retention areas.

(c) Relieve flood waters from the Glades, canals along the coast with suitable improvement will be able to effect adequate drainage of coastal urban and agricultural areas.

## Subdrainage Districts And Political Sub Units May Receive Federal Monies

### Nominations Made For RDB Officers

The nominating committee for RDB has placed the following in nomination for officers to be voted upon at the annual meeting on November 20th: President, R. J. Iverson, of West Palm Beach; vice-president, in order, A. E. Kivimann, of Belle Glade; H. A. Hubbard, Delray; H. P. Jackson, Jupiter; secretary, Louis Hills, Lake Park; treasurer, Judge E. G. Newell; members of executive committee, Past Presidents, J. J. Cater, P. P. DeLoval and C. W. Gardner.

### Permanent Overall Plan Hushed At Fleming Meeting

A general misunderstanding of the purpose of a called meeting by General Fleming in West Palm Beach, "head knocker" of the Public Works Administration, and avowed investigator of President Truman, brought out the fact that the plan of the sub-drainage districts and counties as a result of storm and flood damage in South Florida. Senators of Senator Claude Pepper, Congressman Dwight Rogers members of General Fleming's staff, Charles Overman, Internal Improvement Commission and the General indicated the possibility of early congressional authorization of \$10,000,000, backed by a presidential request, for emergency relief. There was no definite statement that this amount would come to Florida, as it is a part of the President's special fund subject to use throughout the entire U.S.A.

## Bean Volume Gain And Prices Show Upward Tendency

The past week saw considerable bean activity about the Belle Glade packing houses, and more beans came into the houses, and the coming week will see a decided drop in shipments as many growers will be having beans ready for the market.

The Belle Glade Farmer's Co-Operative, again had beans this week, sending out a half car each of Bountifuls and Tendergreens, Monday, the former being in \$2.15 and the latter \$2.70 the hamper. These beans came from the Tabit, Gibson and Wilson, and Otis Hayes farms.

With some climatic changes in competing areas, the price trend is upward, and as the Florida beans are of better quality, so the market nations are crying for our products.

The Rabbin-Thorne company will be harvesting the coming week and the price of growers will also be in action.

Farmers who have planted cabbage state that crops are coming on very satisfactory.

An estimate of 8000 acres are now planted to string beans in this area, for the belated fall crop, and little more planting will be done for this season. More extensive plantings will (Continued on Page 2)

## State Commissioner Suspend Athletics At Clewiston High

Hard luck has struck the Clewiston high school athletic program, as Secretary Golden, of the State Association, has ordered the school athletics and coach, that within 15 days, their membership in the Association would be cancelled, and their right to compete in any type of inter-school athletics would be terminated.

It is intimated that outside influences had played a part with school athletics, and finally reached the state authorities, which took the above drastic action. As a result of this is now in the little sugar town, and every endeavor will be taken to clear up differences, leading to possible re-attainment.

## Junior Rams Trip Lake Worth Juniors

Around two hundred fans, mostly school pupils, saw Coach C. Cochran's Junior Rams in action against the Junior Trojans of Lake Worth, at Memorial field, Tuesday night, which game they won by the lopsided score of 23 to 0. The football game had from the Coast were unable to make any formidable bid for winning, as the Rams overwhelmed them in every department of the game, and were impotent in their offense and defense play.

## CHRISTMAS CARDS NOW ON SALE

Our Christmas cards and picture books have arrived and we are now taking orders. We also have on hand boxes of assorted cards, each box containing 21 cards. For early delivery and a better selection, we are urging patrons to order as soon as possible.

BELLE GLADE HERALD

## OBSERVATION and Comment

By John M. Gledhill

While Chester Wright, of Lake Worth, and Joe Cherry, of Belle Glade, were in attendance at a Masonic meeting in Washington, D.C., they went out to Mt. Vernon, Va., to visit the home of George Washington. While there they each took a quick tour, over from under the historical tree which stands just at the rear of the mansion which holds the bodies of the Washingtons.

## Social Happenings

Mrs. W. F. Knight is a patient at the Everglades Hospital in Pahokee.

Mr. and Mrs. C. B. Horne of Pensacola are visiting at the home of their son-in-law and daughter, Mr. and Mrs. James Baldwin.

Mr. and Mrs. Junius T. Harris, daughter Evelyn, and O. D. Taylor went to attend the wedding of her sister and Mr. Taylor's daughter, Cleo to Samuel E. Phillips, which was held at the Tampa Heights Methodist Church.

Mr. and Mrs. C. A. Boone and family are moving into the Carmo Boone home in Northmoor Gardens. Mr. and Mrs. Speedy Gay who have been residing there this week with his sister, Mrs. Ruth Peebles.

J. D. Peebles, Jr., of Norfolk, Virginia spent this week with his sister, Mrs. Ruth Peebles.

Miss Kathleen Rogers will spend the weekend in St. Petersburg where she will attend the

Westcott Odd Fellow Jubilee being staged by the Fourth Battalion of the Patriarchs Militants.

Mrs. Virginia Howington and daughter Eileen left Saturday for a week in Atlanta where they will attend the wedding of her brother.

Joseph Gold of Kalin's Department Store will exhibit a merchantile mart exhibit in Tampa this weekend.

Mrs. Nell Seillon and son Frank Dooley have returned from Paducah, Kentucky where they accompanied the body and attended funeral services for their aunt, Mrs. Mattie Casey.

**BIRTH ANNOUNCEMENT**

Mr. and Mrs. Edward Schoepel announce the birth of a daughter on November 5th at the Good Samaritan Hospital in West Palm Beach.

**SARA WEBSTER HAS BIRTHDAY PARTY**

Miss Sara Webster recently celebrated her sixteenth birthday at the home of her parents. Games and contests were enjoyed throughout the evening, and a beautifully decorated cake was served with other refreshments. Mrs. B. B. Rawls and Mrs. L. B. Cook, Sr., assisted the hostess.

The guest list included Alvin Leathers, Ray Loy, Jack Cook, Frances and Burton Rawls, Gloria and C. W. Crosby, Benjie Jean and Joy Pruitt, Betty Jo Bearden, Frankie Farmer, Joanne Norman, Reba Webster, Mary and Carl Williams, and Pauline Dowling.

**SUNDAY SCHOOL CLASS HAS HALLOWEEN PARTY**

Mrs. F. C. Schoenfeld entertained her Sunday School class with a Halloween party at the Community Methodist Church Thursday afternoon. This class includes the four year olds and nursery group. Games were played on the lawn and movies taken with the hostess being assisted by Mrs. John Schoenfeld, Mrs. Jack Hollingsworth, and Mrs. Leonard Vancrover. Decorated cookies and apple juice were served and each little guest presented with a jack-o-lantern filled with candy.

Those attending were Vicki Sue Hollingsworth, Mary Nez Collins, Janie Kirdman, Gloria Smith, Sandra Draa, Jackie Hoffman, Grace Stoddard, Linda Delaney, Mike Appleby, Bobby Schoenfeld, Will LeFels, Jimmy Davidson, Corky McKee, Don Hobson, Cary Baldwin, Bobby Carter, Jimmy Hoffman, and Richard LeFels. Mothers were Mrs. H. C. Collins, Mrs. Sidney K. Smith, Jr., Mrs. George Appleby, Mrs. F. C. Hollingsworth, and Mrs. F. A. LeFels.

**DIANNE McWHORTER CELEBRATES BIRTHDAY**

In celebration of her fifth birthday, Dianne Sue McWhorter was honored with a party by her grandmother, Mrs. Dora McWhorter at their home Monday afternoon.

A color scheme of yellow and white was carried out in balloons, favors, decorations and the birthday cake. Games were enjoyed by the children on the lawn under the leadership of Mrs. Clara Short.

The guest list included Margie McDonald, Carroll, Mary, and Linda Goforth, Mary Ann Tilley, Barbara and Carol Jean McClure, Bunny Kirdman, Johnnie Emery, Patsy Doolittle, Janet Lynn Connell, Brooks Kirdman, Neil Livingston, Sammy Knight, Rennie Connell, Ronnie McWhorter, and Dorothy and Margaret Erwin.

Mothers attending were Mrs. Frank Dooley, Mrs. L. G. Connell, Mrs. Emery, and Mrs. George Goforth.

**BLESSED EVENT**

Mr. and Mrs. M. M. Bailey of Lake Harbor announce the birth of a son, Donald Wiley, weight 6 1/2 pounds, at the Clewiston Hospital. Mrs. Bailey is the former Miss Muriel Merriam.

**PTA MEETING MONDAY ON HEALTH PROBLEMS**  
Mrs. Rowena Bradlock will be in charge of the meeting of the Parent Teacher Association Monday evening in the high school auditorium. The subject is "Today's Health Problem" and hostesses will be Mrs. Hubie Chambliss, Mrs. C. Thompson, Mrs. E. A. McCabe, Mrs. P. C. Marchand, Mrs. Joe

Friedheim, and Mrs. A. R. Whidden.

**JOYCE REESER REVEALS WEDDING PLANS**

Mr. and Mrs. Ace Reeser announce the engagement of their daughter, Joyce to Johnny Fessenden, son of Mr. and Mrs. F. C. Fessenden. Miss Reeser came here with her parents from Lansing, Michigan and attended Belle Glade School, and graduated from the Bradenton High School, class of 1947. Mr. Fessenden has lived here for many years and also attended Belle Glade High School. The wedding date has been

set for Sunday, November 16 at two o'clock at the Community Methodist Church, and all friends are invited to attend.

**OBSERVATIONS**  
Continued From Page One  
a letter recently received from a sister in that city, she cited that the Prague papers carried photo scenes of the recent Florida hurricanes, and one had a notation about Belle Glade. She stated that a negro, who started he knew Belle Glade well, and worked here, translated the reading into the Czech language so that the Czech could understand it.

When all sections of the Glades come to the conclusion that their interests are common on water control and flood prevention, it augurs well for a broad plan of improvement under one Federal project. The Kissimmee valley gets the first flood water, then the lake gets this outpouring, and the canals get the run off discharges. With a system of gathering and conveying these vast volumes of water, there will be plenty of water for dry weather, and means of getting rid of overflow or excess water in time of flood and storm.

The Belle Glade land is badly in need of an additional tuba horn, to give the land more volume in heavy bass selections. It looks as the PTA and the Civic clubs are likely to provide the required instrument.

The present prices in the northern markets for Florida grown winter vegetables is not so strong, as the local states have as yet had no killing

frosts or frosts and the area can supply an ample stock of garden products, too cheap for competition from the higher prices vegetables from the south. Florida oranges having tough price break

Looks a bit like war days, to see all that bunch of Army Engineers and their street sweeper doing flood emergency engineering work. The boys proved themselves very fine lads, and made many friends among our citizenry. They returned to Ft. Benning, Ga., on Friday, in convoy. Two officers, 40 men and equipment.

Football still has its hold on the people of the glades, judging by the crowds that are and will attend the games. Lots of sport and entertainment in these contests, and opportunity of self expression in the rooting line.

School Halloween carnivals are the thing. The event eases for the children and entertains the parents, and prevents a lot of kid delinquency, and loss of property from innocent pranks.

**PRESBYTERIANS BECOME**

Continued from page 1  
Fulton and Herbert Behrens, the latter from the Memorial church in West Palm Beach, which has been the active and helpful sponsor for the new church organization.

The order of service for the church constitution ceremonies were of a set nature, which consisted of the sermon by Rev. Daniel Iverson; followed by the organization and election of church officers, and the ordination and installation of the Elders and Deacons. Other short addresses were given by Rev. A. R. Larrick, and "Relation of the Local Church to Church Courts" and by Rev. J. V. Johnson, on "How to Administer the Church" the charge to the church. The church officers present were presented to the audience which was followed by the benediction.

The starting of this new church was with a group meeting at the City hall, on March 7, 1947, including Mr. and Mrs. J. L. Price, Mr. and Mrs. E. H. Browning, Mr. and Mrs. A. A. Krehman, W. B. Simmons and Fred Annapp, with representatives from the Memorial church of West Palm Beach. The first formal church meeting was held at the office of Green Fuel Company where it has since conducted its church activities, of church, Bible school, prayer meetings and social events, serviced by volunteer speakers from the mother and sponsoring church.

The church was instituted with 75 adult and juvenile members. It has selected a tentative church site in Northmoor, where a church will be erected when all negotiations are completed. Negotiations are under way for the calling of a pastor to minister to the new congregation. A considerable amount of money has been collected for church financing. There is room for this religious body in Belle Glade, and the other churches, the citizens along with the Herald, give the Presbyterian a hearty welcome with hopes for their prosperous future.

**MIGRANT CAMPS**

(Continued From Page 1)  
lies arrived at Camp Okechobee, ready to take up residence under the new regulations and more coming each day. The outlook for Osceola appears that there will be no shortages of tenants.

The rental schedule, which includes houses and utilities, represent about a double price over those prevailing during Government management, although these are on a trial basis.

Most of the facilities provided in the camp by the Government will continue to be utilized and available for the residents. Schools are in operation as usual, with a good enrollment, and the Sunday afternoon Sunday school is continued, as are evening entertainment at the community hall.

**EVERGLADES THEATRE**

Belle Glade, Fla.

Sunday—Monday

**Room Mother Appointed**

Miss Mary Ann Jones presented the program at the Lake Harbor Parent Teacher Association last week. Rev. Alfred Hedberg led the devotional. Room mothers for the year were appointed during the business session. Mrs. J. D. Hemphill is room mother for the first grade; Mrs. A. B. Mathis, Jr. for the second grade; Mrs. James Jackson for the third grade; Mrs. H. R. Layfield for the fourth grade; Mrs. W. C. Previll for the fifth grade, and Mrs. E.W. McLeod for the sixth grade.

**HALLOWEEN SPIRIT**  
(Continued From Page 1)  
own individual pleasure.

Mrs. Martha Freeman, president of the PTA, had chosen officials and members of the civic clubs to act as judges for the various group prize winners and they sure had a hard task of selecting their final choices as winners. Awards were made in the various contest classes, the prettiest, the most original and the most comical costume.

The final awards were announced, and the winners were given cash prizes by the PTA, and then the winning group paraded around the field in a final review.

The judges were as follows: Pre-school children, Mrs. Sylvia Jones, "Bill" Wooten and George Scarborough.

Third to seven grades, Dr. Robert Crook, Mrs. Harry Peters, Mrs. William Hill.

Junior, Senior and Band, Emmett Roberts, Gene Rushing, Mrs. Fredlund.

Jack O' Lanterns, Scarborough, Rushing and Roberts.

Awards were: Jack O' lantern, Alma McChure, Frank Jones, Raymond Hollingsworth.

Junior and Senior, Prettiest, Maxine Shugg, most original, Mary Eleanor Kidder; most humorous, Jerry Berry.

Fifth and Sixth grades, Prettiest, Mary Staring; original, Paul Miller; most humorous, Betty Corbett.

Third and Fourth grades, Prettiest, Alice Herring, humorous, John Miller; original, Charles Royal.

First and second grades, Prettiest, Sandra Cove; original, Inogene Rashley; humorous, Robert Arnold.

Preschool, Prettiest, Linda Rabin, original, Jimmie Davidson, humorous, Sue Mosely.

The band members were all in Halloween garb, no duplicates, and they made a swell appearance, and played fine music during the parade and the evening festival.

The young people enjoyed a dance at the gym after the evening festival, on the field.

In the cake drawing Mrs. William Crider drew the Eighth grade cake and collected her prize.

Many special attractions were to be found on the north end of the field, where patrons could take pony or midgeot auto rides, guess the weight of a steer, take a raffle chance on turkeys; a bit of fishing in the prize fish pond; see puppet, horror and mystery shows; get their fortunes told by three mediums who were fore casting the past, present and future; stop at the eating stand for most every type of food found on sale at Carnival stands; visit the country store; fill up on pink circus lemonade; get a candied apple, a bag of popcorn, cup or cycle, take a chew a hunk of gingerbread, chance in the prize cake walk or enjoy a bit of bingo, and other attractions.

The crowd was in real holiday spirit and all the activities were to make up a decided happy and enjoyable evening mingling with the spooky Halloween spirit, and there were plenty of them in various forms creeping and dodging around.

**Steel For Glades Bridges**

The War Assets Corporation has made available to the Federal Works Administration, a large amount of surplus machinery and supplies, to be used in hurricane and flood damage work in Florida. A large amount of reinforced steel bars have been released, some of them designated and forwarded to the Experiment station at Belle Glade for use in bridge work in the Glades area.

**New Business People**  
Mr. and Mrs. Arthur Dunn, and daughter, for many years well known business people of Sebring, have come to Belle Glade to make their home and engage in business. They have bought the Owen Godwin sandwhich shop at Avenue 2, and are now in charge of that establishment.

Junior Red Cross Formed At South Bay

The Junior Red Cross Council of South Bay school met for organization Monday afternoon at 2:30.

Council representatives from each room are: Grades 1 and 2, Charles Kirkland and Bobby Willis; Grades 2 and 3, Mike Challancin and Billy Bowen; Grades 4 and 5, Donna Fay Walker and P. A. Davis; Grades 5 and 6, Janmie Williams and Byron Walker; Seventh Grade, Jack Hemphill and Betty Miller; and Eighth Grade, JoAnn Dasher and Janmie McAllister.

Betty Miller was selected as President of the Council, and Jack Hemphill as vice reporter.

Mrs. Leslie Martin is teacher sponsor of the group.

Wreck Victims Escapes From Car

G. W. Rogers, in the effort to avoid a car driven by a negro who shot out his car from the side road leading from Eads' Camp near Vinegar Bend Thursday, he was enroute to his work at Belle Glade, skidded into the canal and overturned. He started later that he either had to hit the other car or take a chance on the pine trees and the canal.

The car was completely submerged but he was able to extricate himself and get out of the canal and back on the highway before anyone came along.

Meanwhile the car and the negro driver which had been the cause of his accident had disappeared.

A police motorist summoned Troop Patrolman Joe Cook who investigated the accident, and the Pioneer Service wrecker which raised the damaged car and towed it to Belle Glade for repairs.

School Paper Makes Big Hit With South Bay Children

The South Bay School News, a paper put out by the Seventh Grade English Class taught by Principal H. S. Emory, made its debut the first of the month and has put out two regular issues and an extra advertising the Halloween Carnival.

Nature members of the class contribute stories of the school activities and happenings and each home room is asked to provide interesting bits from their program and activities. An interesting feature of the last number is a cartoon by Brian Manning and Paul Treffer.

A new mimeograph machine

delivered at the school this week will be used to print all future issues and promises quite an improvement in the paper.

A regular staff of editors and reporters is to be elected this week.

New steel book cases for the library, a new plank and sand drive for the water trucks to deliver water to the school, new goal posts for the basketball court, and some interesting history files for the school and the program are among the interesting bits appearing in the October issues.

The South Bay Band is composed of Byron Walker, Mickey Herring, Jane Allen, Raula Hall, Allen Garrett, Norman Hunt, Frankie Campbell, Glynn Dasher and Betty Miller. Mr. Paine is the band instructor and regular practice is conducted.

Pioneer Farmer Of South Bay Passes This Life

One of the old pioneer residents of South Bay died yesterday Saturday morning about 7:30 o'clock. Peter Eugene Goodbread, ate breakfast with his family appearing in his usual health. Shortly afterward he came in from the yard complaining of a pain in his chest and laid down on the bed. A few moments later he died. Dr. R. L. Pipes, summoned hastily, pronounced death due to apoplexy.

The Goodbreads came to South Bay about the early settlers and have resided here continuously since then, almost 30 years. He was one of the pioneer farmers and continued to farm until failing health made it impossible.

He was born at Lake City, July 6, 1887 and was 60 years of age at the time of his death on Nov. 1. He was one of the early members of the South Bay Methodist Church.

Survivors are his wife, Mrs. Maggie Goodbread; one daughter, Mrs. June Cross of Miami Springs; four sons, Captain J. Eugene Goodbread now stationed at Vallejo, California, Howard Yates Goodbread of Clewiston, Alton and Ralph of South Bay; one sister, Mrs. J. D. Brown of Lake City; two half-sisters, Mrs. Keith Black of Lake City, Mrs. Thomas Fleming of Tallahassee; one half brother, J. T. Goodbread, overseas in Africa with oil interests; three grandchildren, John Goodbread, Sharon and Michael Crow.

The Berry Funeral Home at Pahokee is in charge of the services which have been tentatively set for Wednesday afternoon at 2 o'clock at the South Bay Baptist Church, pending the arrival of Captain Goodbread who is enroute home from Vallejo.

Hallowe'en Party A Big Success

The Hallowe'en Carnival at the South Bay Friday evening drew a record crowd of merry-makers, many of whom were in unique and beautiful costumes.

The festivities began with a spaghetti supper served in the cafeteria followed by special events including The Fish Pond, The House of Horrors, A Moving Picture in the auditorium, and Bingo in the game room all of which drew a large number of customers.

Throughout the evening a series of cake walks with pies and cakes as prizes were heavily patronized.

Billy Rogers was the lucky winner of the duck.

Costume prizes went to Richard Barrett and Martha Jean Critchfield in the pre-school children, Walter Lathlean in the first grade, Marilyn Prevatt in the second grade, Cecil Harrelle in the third grade, Milton Cumpston in the fourth grade, Jackie Mettler in the grade, Glynn Dasher in the sixth, Betty Miller in the seventh, JoAnn Dasher in the eighth.

Mrs. W. G. Bowen, president, announced that \$224.00 net has been turned in to the treasurer with some returns still to be brought in.

Lake Harbor PTA Gets Operational Funds

The Lake Harbor Parent Teacher Association realized the sum of \$323.00 from the Hallowe'en Carnival which they sponsored Tuesday night preceding Hallowe'en. The affair took place with the cooperation of the Florida East Coast Railway on the right of way between the Lake Harbor Supply and the Mathis Store.

Booths for the House of Horrors, Fish Pond and Game Room had been set up and stands for selling soft drinks and hot dogs,

Lake Harbor PTA Gets Operational Funds

The Lake Harbor Parent Teacher Association realized the sum of \$323.00 from the Hallowe'en Carnival which they sponsored Tuesday night preceding Hallowe'en. The affair took place with the cooperation of the Florida East Coast Railway on the right of way between the Lake Harbor Supply and the Mathis Store.

Booths for the House of Horrors, Fish Pond and Game Room had been set up and stands for selling soft drinks and hot dogs,

pie, cake and coffee did a flourishing business.

The Game Room alone netted the association \$101.00 and the contest for King and Queen returned the sum of \$70.00. Spangler Kitchen was crowned King and Janice Thames was crowned Queen.

Quite a few contributions of prizes and cash were received from business houses and individuals in Clewiston, Lake Harbor, South Bay, Belle Glade and West Palm Beach and the committee wishes to thank these and everyone who contributed to the signal success of the Carnival.

BETTER BE THE EARLY BIRD IN THE

Hunting Season

New regulations have been promulgated by the Game Commission governing hunting this fall, a shorter season and certain bans on Deer and Turkey. The early boys are going to get the pick of the limited supply.

SECURE HUNTING SUPPLIES

We still have ammunition of every type, but the shell situation is not so good for repeat orders, so load up while you can. We also have guns to complete the outfit, with other out door accessories.

FISHING TACKLE

Fishing is good out on the lake and in the streams, so better go prepared if the "bronze backs" get your baits or sever your lines. Extras come in awful handy at these times.

Take Notice Nimrods: Owing to the heavy decimation of Dove and Quail, the Commission is requesting that hunters go a bit easy on these birds, so that there can be seed left for next years crop of birds. Hunting and fishing licenses can be obtained at our store.
